

Honolulu, T. H., April 22nd, 1902.  
Pacific Hardware Co., Ltd., Honolulu, T. H.

DEAR SIR:—The presence of the horn fly pest in my herd of milch cows has been a cause of serious apprehension to me, both on account of the consequent deterioration in the condition of the cattle and the reduced production of milk. I am pleased to inform you that the application of the So-Bos-So Kilfly, which I purchased from you a few days since, has already resulted in a decided improvement in the condition of the cattle, as well as an increase of 20 per cent in the quantity of the milk produced, before the application of the Kilfly. Very truly yours,  
PAUL R. ISENBERG.

**So-Bos-So  
Kilfly**

**Is a Liquid  
Mixture**

designed to protect cows and horses from torture of flies. The preparation is positively harmless. It is used with splendid results as a disinfectant and germicide. The Electric Sprayer discharges the So-Bos-So (Kilfly) in a fine, broad spray. From 30 to 50 cows can be sprayed in a few moments. The Electric sprayer is detachable, and thus may be thoroughly cleaned. If your animals are troubled with lice, use So-Bos-So (Kilfly). It knocks them out. Spray your poultry house with So-Bos-So (Kilfly). It kills lice or any vermin that may infect the fowls. Sufferers from the Horn Fly should give Kilfly a trial. We are sole agents for the Territory of Hawaii.

## JUDGES NAMED FOR THE DRILL

Captain Earle D. A. Pearce, First Lieutenant James P. Robinson and First Lieutenant Harry W. Newton, all of the Artillery Corps, U. S. A., at Camp McKinley will be the three judges at the competitive drill to be held next Saturday afternoon by the National Guard of Hawaii. All three officers are fine tacticians.

Governor Cooper has issued a By Authority announcing the drill, and requests that all employers of men who are members of the National Guard will permit their leaves of absence in time for their attendance at the drill scheduled to take place shortly after 1 o'clock. Adjutant General Soper, by order of the Commander-in-Chief, requests the commanding officers to assemble the various companies on Capitol Square at 1 p. m. on Saturday. Members of the Governor's staff are to assemble at the Capitol building at 12:45 in fatigue uniform for attendance on the Governor.

The grand stand on the Ewa side of the square was being erected yesterday.

## KANEWANUI IS RESTING EASILY

David Kanewanui, of the editorial force of the Kuokoa, was more seriously injured by a pistol discharge than was at first reported. He is now lying at the Queen's hospital with a bullet lodged in the back of his skull, which Drs. Taylor and Wayson were unable to find yesterday during a close examination of the sufferer. The accident took place while Mr. Kanewanui and a friend, Dan Io, were at their quarters in the Kamehameha Alumni Association building. To had a revolver which was believed to be without charges. Io rested the revolver on his arm, directed between Kanewanui and another young man. Kanewanui went to another room, and while there it is alleged that the young man with the revolver put a charge into it, although up to that time the weapon does not appear to have been loaded. When Kanewanui appeared again Io pointed the revolver at him and fired. Kanewanui fell, a bullet having struck him in the right cheek bone. The patient, after being taken to the hospital, was put under the influence of a drug and the probing was as thorough as possible. Traces of lead were found all along the course taken by the bullet. Kanewanui is resting easily and the doctors believe that he will be out in about ten days.

Mr. Kanewanui says the shooting was accidental and that he had no intention of putting cold lead into him.

## ARRESTED IN NUUANU STREAM

An industry new to Honolulu and which, there is reason to believe, is finding favor among native sneaky-thieves, was brought to the notice of the police by the chief of Condon's night patrol last night.

It appears that about 9:15 a native named Pokini was busily engaged in removing window weights from the City Mill at the foot of Maunakea street. These weights are about six pounds hert and being made of lead are valuable. Pokini was discovered by the mill watchman, who blew his whistle, which was promptly answered by Officer W. Look of Condon's patrol, who happened to be in the neighborhood.

The alleged thief took to his heels and was pursued through the city by W. Look, who was led a merry chase. Finally the fugitive, after running the length of Hotel street, plunged into Nuuanu stream, hoping thereby to evade his pursuer. W. Look, however, stuck to his job, and dashing into the water, apprehended his man, who was later on turned over to Lieutenant Leslie of the police department. His case will come up in the police court this morning.

## ALLEGED STABBING ON A TRAMCAR

A. H. Lucas was arrested last night on a charge of assault and battery with a deadly weapon.

The complainant in the case is a native driver in the employ of Pain's Tramway Company, who alleges that Lucas stabbed him in the groin with a pocket knife last night at Waikiki.

His story is that Lucas, who was a passenger on the car, began monkeying with the cash box, between the Moana and the terminus of the line. The driver remonstrated and a scuffle ensued, during which, complainant alleges, Lucas drew a knife and stabbed him.

Officer Macy, who was also on the car, arrested Lucas and took him to the police station, where he was released on a bond of \$250. The case will come up in the District Court this morning.

Lucas is said to have been under the influence of liquor at the time of the occurrence. The injured man was apparently not hurt very badly, and walked away from the police station to see a doctor. The wound is about half an inch wide and about the same depth.

Oceanic S S Co.

SAN FRANCISCO, May 1.—The official statement of the Oceanic Steamship Company from March 18th to April 15th, 1902, shows total earnings of \$198,425.68, to which should be added \$20,570.84, mail earnings steamship Sonoma, voyage 6, which was credited in last month's account, leaving a net loss on vessels of \$4,943.04. Expenses and sundry disbursements amounted to \$116,425, of which \$50,408.69 was charged to betterments, \$76,429.17 being an account of work on the Mariposa. There was due John D. Spreckels & Bros. Company from the steamship company on April 15th, \$284,124.04, deducting \$114,193.29 for various amounts due on hand, etc., leaves net overdraft of \$449,920.84.

Hawaii in Oil.

BAKERSFIELD, April 23.—It is reported in this city today that a representative of a Hawaiian sugar plantation has purchased 150 acres of oil land in the McKittrick district, adjoining the Paraffine Company's property, with the object in view of developing the property and using the product in the islands. This, say the oil men, tends to show that the proposed road to Port Harford from this section will be put through, as the purchasers would be at a disadvantage were there no means to get the oil to tidewater other than that now obtainable.

## BY AUTHORITY.

Orders have been issued for a competitive drill of the companies of the First Regiment, National Guard of Hawaii, stationed at Honolulu, to take place on Saturday, the 10th inst., at 1 o'clock. A full attendance is necessary and all employers are respectfully requested to grant their employees, who may be members of the regiment, leave of absence on Saturday afternoon for the purpose of participating with their respective companies.
